Summary

Recently earned a certificate in full stack development from the University of Central Florida, with newly developed skills in JavaScript, CSS, React.js, and responsive web design. Excited to leverage my skills as part of a fast-paced, quality-driven team to build better experiences on the web front-end or back-end.

Technical Skills

Node.JS, Express, JavaScript, jQuery, React.js, React Native, GIT, Github, Robo 3T, MongoDB, MySQL, Firebase, HTML, CSS, Bootstrap, APIs, JSON, AJAX, computer science fundamentals

Projects

Home Cooks

- A MERN application that allows users to post and sell their dishes to the community.
- Designed with Mongodb, Express, ReactJs, NodeJs, React Scroll, React Audio, React Modal, Geo Location, Google Maps API, Axios, React Lottie, Heroku, mLabs and Bootstrap.
- **Link:** <http://homecooks101.herokuapp.com> | **GitHub:** <https://github.com/MikeVong/HomeCook>

UnHacked Unemployment

- Government unemployment instant verification checker, to help during the COVID-19 pandemic
- Developed with HTML5, CSS3, Bootstrap, Handlebars, Express, MySQL, and Mongoose.
- **Link:** <https://vast-beyond-12736.herokuapp.com> | **GitHub:** <https://github.com/MikeVong/UnHack>

Google Books Search

- A MERN app that allows users to search for a book. Then the book can be viewed and save it to the database.
- Developed with HTML5, CSS3, Bootstrap, NodeJs, Express, MongoDB, and ReactJS.
- **Link:** <https://mern-google-book.herokuapp.com/> | **GitHub:** <https://github.com/MikeVong/googleBooks>

Experience

Computer Technician

2016 – 2019

Excelsior Charter School - Victorville, CA

- Managed help desk for all computer or systems issues; with 40% of issues resolved remotely.
- Coordinates with teaching staff to roll-out new technology for the entire school; provided end-user training for new software used in classrooms.
- Partnered up with Helpdesk manager on reporting to identify and track goals and trends.

Double Agent (Computer Technician)

2005 – 2016

GeekSquad (BestBuy) - Victorville, CA

- Managed with 4-5 clients per day to resolve complex hardware and software issues.
- Interpreted technical jargon so that end users understood technical issues and could work with technicians to describe the issue at hand.
- Provided fast and accurate solutions meeting 100% customer satisfaction.

Education

Full Stack Web Development Certificate | University of Central Florida

01/2020 – 07/2020
